

Custom Made Mouthguards

Once again, affordable custom made mouthguards at:

**Mobile Mouthguard Clinic
in King City Arena**

**Saturday Sept. 24, 2011 and
Saturday October 1, 2011 from
8 a.m. to 4 p.m.**

First-come, First-served

**Impressions made at the arena and mouthguards
are ready for pick up in the following week**

If you cannot come on those dates or want it before the start of season, do not worry, you can come to my clinic by appointment every weekday after school or weekends. In the clinic, the mouthguard is ready in one hour.

Maple Medical Arts Building

9983, Keele Street Suite 302
Maple ON L6A 1S8

Good news, I have the same special rates as last year \$40 for any coloured mouthguard and \$30 extra for fixed orthodontic braces Better yet, 8% of the proceeds will be given back to Nobleking Minor Hockey Association

I will personally make the mouthguard for a smooth and comfortable fit. This allows your child to communicate and breathe easily without any gagging or removing their mouthguard. As a one of a kind service, I will even provide extra care and attention to create safe space in case of growing tooth or braces.

The superior fit also means the mouthguard is more comfortable to wear, because it does not require as much effort to hold it in place. It is far less likely to become dislodged during contact sports than a loose fitting appliance.

The mouthguard comes with a case to keep it clean and fresh for the next activity.

“The Canadian Dental Association (CDA) commends all athletes who wear mouthguards to protect their teeth & mouth area. Mouthguards are an effective way to prevent injuries to the lips, tongue, face or jaw.”

"Until I brought my son to visit Lise at the Mouthguard Clinic, like many children, he dreaded having impressions made.

Lise is highly efficient in her process while cheerfully chatting away to my son. Before he realizes, the impression is finished.

We are very pleased with the finished product. Lise ensures a perfect fit for the mouthguards and her interactions with my son keeps us coming back. Thank you!"

Judith R., Nobleton

A little about me

My name is Lise Fillion DD, (Diploma in Denturism) I graduated in 1999 in Longueuil, south shore of Montreal in Québec. I have been practicing dentures and mouthguards since then in Quebec and Ontario. I have worked with implant companies, assisted dentists and dental surgeons with their surgeries and provided denture services on implants. I am a member of the College of Denturist of Ontario and The Denturist Association of Ontario. I have the experience and up to date knowledge of my field, do my own lab work and can provide you with an exceptional service, the one you and your family deserves.
